General notes for all submissions

Abstracts should describe the research, project, or creative content concisely, and be written for a broad, multidisciplinary audience. Please provide sufficient information so that we can judge the quality of your proposal and its relevance to the conference audience.

The full CFP, proposal details and general submission guidelines are available at: <https://www.asle.org/conference/biennial-conference/>

All submissions are due by the proposal deadline, **January 8, 2027**, and must be submitted via the Pheedloop platform. Submitters should hear about their status by February 27, 2027.

All accepted submitters are expected to register for ASLE 2027 after notification of acceptance and once the registration portal opens.

Individual Presentations

A proposal for an individual presentation (to be placed on a panel by organizers, or part of a pre-formed session) should be a summary abstract which gives a brief description of the presentation in 300 words (2000 characters) or less, and should include:

- Working title for the presentation (you will be able to edit this later)
- Brief overview of the topic background
- Specification of content type (e.g. theoretical contribution, project description, pedagogical experience, presentation of artistic work, personal or institutional experience, etc.)
- Statement of content, including presentation's main focus.

Pre-Formed Panel and Seminar Sessions

A proposal for a full panel session or seminar of linked panels should be a summary abstract which gives a brief description of the session in 300 words (2000 characters) or less. This might include applicability to the conference theme, how it connects to the mission and goals of ASLE and the broader environmental humanities community, and/or scholarly and creative merits.

For traditional panels, roundtables and seminars where presenters DO have separate formal talk titles/abstracts, this submission requires two steps:

1. Panel or seminar organizer should select the proper panel format and submit the panel or seminar abstract for the full session. Please include presentation titles and presenter names for all other panelists in the provided fields, so we can check them against submissions in step 2.
2. Other panelists (including the organizer if they are also presenting) must also submit their individual abstracts (300 words/2000 characters or less) as a separate proposal. Please have them select "Individual Abstract that is part of a Pre-Formed Panel" and include the panel session title in the appropriate field. Full panel sessions will be considered completed and go to review once all panelists have submitted their abstracts as separate proposals.

For roundtables where presenters DO NOT have a separate formal talk title/abstract, step 2 is not required, but all discussants and their contact information must be listed in the "Co-speakers" section of the submission form.

Workshops

A proposal to conduct a workshop should be scalable for any number of walk-in participants, keep in mind a 90-minute time frame, and include no more than three co-leaders.

Proposals should include a description of the proposed workshop in 300 words (2000 characters) or less, including theme and structure within the time frame, and all co-leaders' specific experiences and qualifications to lead it, including a brief bio of each.

Note: tentative titles are fine for all above formats, and can be updated later by presenters and organizers in their individual Proposal Portal (pre-decision) or Speaker Portal (post-acceptance).

Pre-Formed Panel or Seminar Instructions

Panel/Seminar organizers for this format should list all their panelists and their panel chairs' contact information below, and NOT in the upcoming Co-Speaker section (only exception: do add a *non-presenting* chair/moderator as a Co-Speaker). Make sure that all your panelists know they must submit their individual abstracts as separate proposals, and choose the "Abstract that is part of a pre-formed panel/seminar" proposal format.

For those panel formats that require it, please make sure to include the requested information for chair/s and all of your panelists (name, affiliation, contact email). If you choose a larger participant model, more panelist/chair slots will be available to you on the form. For panelists: up to 5 for roundtables, up to 12 for seminars. For chairs/leaders: up to 2 for RT or traditional panel, up to 3 for Seminars or Workshops.

When all relevant field are filled out, click the Next Step button at the bottom of the screen.
